

LGB 450 PREMIUM BLOCKS

SUPERCHARGE YOUR LAGOON WITH BILLIONS OF BENEFICIAL BACTERIA

The LGB 450 Premium Block is a biological product specifically formulated to be effective in enhancing municipal waste water biology in lagoons.

In addition to microorganisms, these blocks contain a micronutrient blend specially selected for sludge reduction and that provides a complete formulation for maximum biological activity.

When used as directed, LGB 450 Premium Blocks are harmless to people, clothing and the environment, and are completely biodegradable.

IMPROVES APPLICATION

Easier to place product where needed especially in large lagoons

Wind will not be a problem when throwing in lagoon.

Will go through a soft crust (water soluble packets don't)

BETTER DIGESTION

20% more bacteria to speed up digestion.

Select strains of bacteria to make digestion more effective.

Significant reduction of odors

Manufactured For:

CA Biological Solutions Inc.

Waste Water Treatment

Tulare, CA 93274-9639

**For application rate
see label (on reverse)**

For Municipal Lagoon Waste Treatment Systems

LGB 450 PREMIUM BLOCKS

Greatly Accelerates:
Sludge Digestion

Significant Reduction in:
Odors

Improved Effluent Quality

For anaerobic and facultative lagoon systems, the application rate is based on the lagoon surface area:

Day 1 through Day 5
Day 6+

20 lbs. per acre per day
1 lbs. per acre per week

SELF-DISSOLVING
Just Toss Them In!

WARNING: HARMFUL IF SWALLOWED. CAUSES SERIOUS EYE IRRITATION. CAUSES SKIN IRRITATION. Wear protective gloves: < 1 hour (breakthrough time): disposable vinyl.
